

Add-on Criteria for Derby Building Products, Inc. f.k.a. Novik, Inc.

Clearview Capital, L.P. is currently seeking add-on acquisitions for its portfolio company, Derby Building Products, Inc. f.k.a. Novik, Inc. (“Derby”). Derby is a leader in the design, manufacture and distribution of innovative polymer exterior siding, roofing coverings and accessories that replace traditional materials such as stone, brick or wood shingles. These products primarily target the North American residential construction and remodeling industries. Clearview Capital acquired Derby in partnership with management in February 2014 and seeks potential add-ons with the following characteristics:

Polypropylene Siding	Companies manufacturing polypropylene siding for the housing market, replicating the aesthetics of shake, stone and brick.
Substitution for Traditional Building Product Materials	Companies developing, manufacturing and selling proprietary building products that offer a compelling value proposition against more traditional materials such as wood, metal or other polymers.
Complementary Distribution Channels	Building products companies with a well-established two-step distribution network.

All add-on candidates should also meet the following criteria:

- Annual revenues of at least \$5 million
- Strong relationships with enterprise level customers
- Potential to benefit from Results’ international capabilities and technology infrastructure
- Favorable growth prospects
